Musashi Group-Creating Advanced

In recent years, the steady growth of multimedia has supported further increases in the value of information as an important asset in corporate management. That trend represents a significant business opportunity for Musashi, which develops and markets a range of advanced systems that help customers use sophisticated networks to make effective use of information. Musashi was established in 1946 as a wholesaler of paper products. In the years since, the Company has steadily expanded its fields of operation to include advanced systems and products in a wide range of business support fields. In this way, Musashi has developed sophisticated capabilities in the provision of system solutions that meet the needs of its customers. In addition, Musashi has established a strong track record in the development and manufacture of related systems, such as cash handling equipment and election system

From its unique position as a company that combines the capabilities of a trading company and a manufacturer, Musashi has been able to make a significant contribution to the development of the advanced information society. In the future, Musashi Group will remain focused on its corporate objective of "Creating Advanced Systems that Provide Solutions."

To that end, we will conduct closely integrated business activities for a broad range of equipment and systems. Musashi is committed to contributing to the communities where we do business by making continued progress in the provision of solutions to challenging problems.
